

## Environmental Manufacturers Represented

[www.bdpindustries.com](http://www.bdpindustries.com)

belt filter presses, gravity belt thickeners, rotary drum concentrators, lime stabilization systems, liquid & dry polymer systems, conveyors, & process control panels

[www.franklinmiller.com](http://www.franklinmiller.com)

grinders/macerators for wastewater treatment plants, pump stations, & septage receiving stations

[www.iapfan.com](http://www.iapfan.com)

engineered fans & blowers for industrial & environmental process applications

[www.idvequipment.com](http://www.idvequipment.com)

screw conveying systems, screenings washers & compactors, rotary drum sludge thickeners, flocculators, anaerobic digester sludge mixing systems, heat exchangers, boilers & digester covers

[www.spencerturbine.com](http://www.spencerturbine.com)

aeration blowers, digester gas booster systems & dissolved oxygen control equipment

[www.wsgandsolutions.com](http://www.wsgandsolutions.com)

screenings & grit removal systems for municipal & industrial wastewater treatment plants, & flood control projects (WSG supplies FMC, Link Belt & Envirex (Rex) products technology & designs)

[www.weirwasher.com](http://www.weirwasher.com)

automated weir cleaning systems for clarifiers & thickeners in municipal & industrial wastewater treatment plants

[www.weissinstruments.com](http://www.weissinstruments.com)

pressure & temperature readout instruments & specialized diaphragm seal gauge equipment for wastewater applications

[www.doriandrake.com](http://www.doriandrake.com)

**World-Class International Representation For Leading U.S. Environmental Manufacturers**
