

# TRU-CUT

## Power Reel Lawn Mowers

Wheel drive system

Roller drive system

➤ **H20-H-7**  
For Homeowner Use

- Unchallenged Durability
- Everything you would expect from the finest reel mower on the market.

- For True ease of operation, you can inch along or move at full speed by varying the thumb pressure on the left.
- Dual automotive type clutches. Independent drive wheels. Drive up loading ramps without the reel turning, for extra safety and ease of operation.
- Solid Dual Shore Swivel casters, for excellent maneuverability and load carrying capacity. Casters can be locked for hill and long straight operations.
- Hi-strength steel reel and bedknife. Cuts down sharpening and reel damage means less down time, less maintenance, less operation costs

**C27** with optional sulk for commercial use

- Tru-cut mowers maneuver easier, cut, smoother, require less maintenance and last longer than the competition.
- Choose between Wheel Drive and Roller Drive system.
